INDEPENDENT AUDITOR'S REPORT

To the Members
CANADIAN CHRISTIAN RELIEF AND DEVELOPMENT ASSOCIATION

We have audited the accompanying financial statements of CANADIAN CHRISTIAN RELIEF AND DEVELOPMENT ASSOCIATION, which comprise the statement of financial position as at December 31, 2017, the statement of income, expenditure and fund balance, and the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as it determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, these financial statements present fairly, in all material respects, the financial position of CANADIAN CHRISTIAN RELIEF AND DEVELOPMENT ASSOCIATION as at December 31, 2017, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

**CANADIAN CHRISTIAN RELIEF AND DEVELOPMENT ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2017**

PURPOSE OF ORGANIZATION

Canadian Christian Relief and Development Association is an association of Canadian Christian organizations and individuals involved in relief, development, and justice who are committed to integrated, transformational development. Its goal is to promote the sharing of expertise, information and experience, and to encourage collaboration among interested Christian agencies to enhance relief and development activities. The Association is incorporated under the Canada Corporations Act as a not-for-profit organization and is a registered charity for Canadian Income Tax purposes.

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations and include the following significant accounting policies:

Revenue Recognition

The Association follows the deferral method of accounting for contributions. Unrestricted contributions are recognized as revenue when received. Restricted contributions are recognized as revenue when the expense is incurred.

Contributed Services

Volunteers contribute substantial time to enable the Association to carry out its charitable activities based upon its charitable purpose. Due to the difficulty in determining their fair value, they are not recognized in these financial statements.

Use of Estimates

The preparation of financial statements in accordance with Canadian accounting standards for not-for-profit organizations requires the Board to make estimates and assumptions that affect the reported amounts of expenditure during the reporting period. Actual results could differ from the Board's best estimates, as additional information becomes available in the future.

Financial Instruments

The Association measures its financial assets and financial liabilities at fair value. The Association subsequently measures all its financial assets and financial liabilities at amortized cost. Financial assets include cash and short-term investments. Financial liabilities include accounts payable and deferred income.

FOR THE YEAR ENDED DECEMBER 31, 2017**

2. FINANCIAL INSTRUMENTS RISK EXPOSURE

Exposure and concentration of risks

The Association is exposed to various risks through its financial instruments. The following analysis provides a summary of the Association's exposure to and concentration of risk at December 31, 2017.

(a) Credit Risk

Credit risk is the risk that one party to a financial instrument will cause financial loss for the other party by failing to discharge an obligation. The Association's only receivable is for HST, and accordingly, the risk of uncollectibility is low. There has been no change in the assessment of credit risk from the previous year.

(b) Liquidity Risk

Liquidity risk is the risk that the Association will encounter difficulty in meeting obligations associated with financial liabilities. The Association expects to meet its obligations by managing its working capital and generating sufficient cash flow from operations. There has been no change in the assessment of liquidity risk from the previous year.

(c) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and price risk. The Association is exposed to price risk on its investments in money market fund. There has been no change in the assessment of market risk from the previous year.
